(Vic.)**

Get to know your judge...

Mr John Doyle (Vic.)

Well finally the Griffon Specialty is going ahead.

As you all know this event has been postponed many times.

For those who do not know me or have heard of me, I would like to introduce myself.

I have been around the dog world in the pure-bred circles since 1970.

My first love is the Boxer breed that I have shared with my wife Barbara.

We have bred and owned many champions.

I think that it is difficult to recognize quality in dogs unless having lived with many fine examples.

My qualification to judge the Toy group was gained about 20 years ago.

Over the years I have admired and awarded some good Griffons.

It is a pity that we see so few of them being shown.

Therefore, I do hope that we will have a good entry this time and I will endeavor to make it an enjoyable occasion.

Cheers

John Doyle

President's Welcome

Dear Members and friends,

We welcome you all to our 46th. Specialty Championship Show.

We have a good entry of lovely dogs today and I hope our judge has a wonderful time as he goes over them.

I know how much effort has gone into preparing your Griffons for the show, trying to get those coats just right and ensuring that the dogs are able to enjoy their time in the ring and 'strut their stuff' in the way we know that Griffons love to do.

Thank you all for supporting the club with your entries and your participation, whether it be as an exhibitor, as a valued spectator or in the organisation and preparations for the day.

To our hardworking committee members, I extend a heartfelt thank you for putting together a smooth and well organised show.

To our officials, Mr John Doyle – our judge, Mr. Michael Hayes - our Steward, and Mrs Dorothy Alexander – our VCA rep. another heartfelt thank you as, without you, our show would not be the success it is.

Above all enjoy yourselves today and thank you once again for sharing the day with us

Beth Canavan
President and Patron.

Breed Standard

General Appearance:	A cobby well balanced, square little dog, giving appearance of measuring the same from withers to tail root as from withers to ground.
Characteristics:	Smart little dog with disposition of a terrier. Two varieties rough coated, Griffon Bruxellois and smooth coated, Petit Brabancon. Both with pert, monkey-like expression, heavy for size.
Temperament:	Lively and alert.
Head And Skull:	Head fairly large in comparison to body, rounded but in no way domed, moderately wide between the ears. Hair on skull in roughs rather coarse. Nose always black, with large, open nostrils and definite stop between muzzle and skull. Relatively short, wide muzzle, neat lips, with good turn-up. Chin prominent, in roughs furnished with a beard.
Eyes:	Black rimmed, very dark, round, clear, alert and not too large.
Ears:	Semi-erect, high set, the smaller the better.
Mouth:	Slightly undershot with even teeth, not showing teeth or tongue.
Neck:	Medium length, slightly arched, springing from well laid back shoulders.
Forequarters:	Chest rather wide and deep, legs straight of medium length and bone.
Body:	Short back, level from withers to tail root, neither roaching nor dipping; deep; well-sprung ribs; short, strong loin.
Hindquarters:	Well muscled thighs of good length, hocks low to ground, turning neither in nor out, stifles well bent.
Feet:	Small, thick, cat-like with black toenails.
Tail:	Docked: Docked short, high set, emerging at right angles from the level topline. Undocked: High set, emerging at right angles from the level topline. Of moderate length, curved gently over back when moving.
Gait/Movement:	Free with good drive from rear. Moving true coming and going. High stepping front movement undesirable.
Coat	Roughs, harsh, wiry, free from curl, preferably with undercoat. Smooths, short and tight.
Colour:	Clear red, black or black and rich tan without white markings. In clear red, a darker shade on mask and ears desirable. Ideally each hair should be an even red from tip to root. Frosting on muzzles of mature smooths should not be penalised.
Sizes:	Weight: from 3.2-5 kgs (7-11 lbs) most desirable 3.6-4.5kgs (8-10lbs)
Faults:	Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.
Notes:	Male animals should have two apparently normal testicles fully descended into the scrotum.

Griffon Get Togethers 2022

After a challenging 2 years where we have had little chance to get together as a club due to Covid restrictions, we are finally getting back to normal and having fun Get Togethers and, of course can hold our Championship Specialty show and attend the Melbourne Royal 'Griffon day' on Monday September 26th.

This year we have had a great outing to Lilydale Lake Park and Emerald Lake Park and the Puffing Billy Doggy Express.

It was wonderful to meet up again and socialize our Griffons in beautiful environments.
