**Special Trophies:**

Gr Ch Petalouda New Trend Memorial Trophy donated by Christina John for Best Exhibit in Show

### Introducing our judge – Mrs Susan Ikin (N.S.W.)

I have been associated with the dog world for over 40 years. My first breed was Shih Tzu and bought my first winning dog from Keytor Kennels in the UK. With my Shysu prefix I also bought the first Am Ch Shih Tzu into Australia from the world-famous kennel “Wingate “. With my husband Tony Ikin, was an inaugural member of the Shih Tzu Club of NSW. My proudest win was Best In Group at Sydney Royal with a dog I bred. I have also bred an International Champion exported to France.

I found the lovely Lowchen breed and imported the first English Champion into Australia from Littlecourt Kennels and a male from the same kennels. My bitch did not like showing but bought in a lovely type for the breed. I was one of the first people to start the Lowchen Club of NSW and worked very hard to promote the breed.

I had a break from showing for personal reasons but got back into it helping my ex-husband Tony and his partner David as they took up the banner for Shysu. They imported 2 Lowchen dogs from UK and put the breed on the map again winning many Best in Shows.

I have 2 groups Non-Sporting and Toys. I love the Toy Group and help with the Judges Training and have just done the lecture for the Lowchen which I have done for many years.

## The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

### So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed
