You can camp to the left or the right of the airstrip as per the location in blue on the map provided.

Event HQ is a bush campsite with no facilities, but plenty of room for tents, campers, RV's and caravans.

Please be considerate and leave camping spaces near the start line for the entrants with larger/multiple teams. Should you be camping next to someone, please ensure you liaise with them prior to setup.

We will have a small number of portaloos on site, but if you can bring your own, please do. It is an open space (airstrip) with limited shade unless you camp in the trees.

The campsite will be close to the race start/finish chute, so you will not be required to drive between the camp and start line.

There is no water on site, so please bring enough water for your dogs and yourself to be self-sufficient for the duration of the event, with extra just in case.

The nearest store is in the town of Kirup.

There will be no rubbish disposal facilities on site, so all rubbish must be taken out with you (including your dog's poo).

Campfires are permitted only if contained within a portable campfire pit/ring. No ground fires are allowed.

Dogs are not permitted to be free running or unrestrained at any time. Please ensure your dog(s) are on lead, tie-out line, crated or in the car/trailer when not racing.

When staking out your dogs around the campsite please take into consideration the proximity of any other dogs & campers, clean up after your dog, and fill in any holes if your dog digs. Please also remove any straw and dog fur from around your campsite before you leave.

*****PLEASE NOTE*****

It is a condition of our site permit from DPaW that we do not bring soil or plant material onto site, to prevent dieback issues. 'Bleached, clean straw with no seeds' is permitted.

If you have another kind of straw in your dog trailers, please remove it before your travel to the event site.

Please be mindful of this and bring appropriate dog bedding, as well as scooters, bikes, tents and vehicles that are free from soil. We want to ensure continued, future access to this race site.

Vaccination Checks

There will be animal vaccination checks at this race, vaccination requirements are to be followed as per the Australian Sleddog Sports Association Race Rules and Procedures – Rule 5. Disease.
