BREED CLASS JUDGE

Mrs Valerie Joan Hutton

(Victoria, Australia)

For the past 52 years, my Husband & I have owned, breed and shown our Pembroke Welsh Corgis under the Bojojamilé Prefix.

With well over one hundred Champions in Australia and several countries around the world to our credit, including, 5 Supreme's, 6 Grand's, 2 FCI CIB & 1 CIB J Championship Certifications, making breeding, showing and exhibiting, an exceptional journey for which we are immensely proud.

To further my education from showing and breeding of Welsh Corgi (Pembrokes), in April 1988, I attained my Dogs Australia, (ANKC) licence to judge Welsh Corgi Cardigans and Pembrokes at Championship level, judging these breeds in many countries world-wide, including three appointments in England and two in Russia, the National Specialty in Canada and many Club Specialties in USA.

I went on to accomplish my dream to become a Dogs Australian, AKC, and FCI International All Breeds Judge in 2013.

The wealth of knowledge gained throughout my years of judging in a wide variety of breeds has been invaluable.

Judging at All Breeds level, consistently throughout Australian with several overseas appointments yearly has been incredible and rewarding. One never stops learning.

This year I have had the privilege of judging at the Marlborough Kennel Association, New Zealand in May 2025 and in July I was invited back to the Philippines to judge the Pembroke Welsh Corgi of the Philippines Inc which included four All breeds shows.

I have just returned from the UK, (Nov 2025) with a special assignment at The Welsh Corgi League Centenary Show in Wales, for both Cardigans and Pembrokes.

Since the White Swiss Shepherd Dog arrival in Australia, I have always taken a keen interest in its development in this country.

I will never forget watching a White Swiss Shepherd Dog win the FCI Group 1 at the World Dog Show in Moscow. One very magnificent and proud moment indeed.

I am looking forward to judging your White Swiss Shepherd Dog Specialty on Saturday 6 Dec 2025.

PROPERTY CLASS JUDGE

Ms Anne Lenne

(Victoria, Australia)

Thank you for asking me to judge the property classes at your championship show.

I look for hallmarks, form and function in the breed and look forward to meeting your beautiful dogs.

I was born in the UK near Nottingham, emigrated to Australia and married an Australian and together we got my first Dalmatian in 1987, along with a Basset Hound for my husband.

*These dogs formed my prefix Lendalbas.
I now campaign Beagles.*

I have trialled my Dalmatians in Obedience and Agility. Attained Endurance titles with them. Breeding dogs that gained many performance titles over the years

In the working dog group I handled kelpies years ago.

I am licensed to judge Non Sporting, Gundogs and Hounds, plus in training in the Working Dog group.

K9 Grooming & Emmett Therapy

Emmett Therapy Certified Practitioner

Yvonne Campbell

The **EMMETT Technique** is a safe, unique form of muscle release therapy, which is internationally recognised and effective on both people and animals.

EMMETT Therapy involves the application of light finger pressure at specific points on the body, relieving pain and discomfort, creating postural changes, improving movement, flexibility and overall well-being. These points are referred to as 'Emmett points' and are different to traditional trigger or acupressure points described in any other therapy.

Key features of EMMETT Technique treatments:

- Accurate and fast assessments of body imbalances
- Can be done sitting, lying or standing
- Pressure applied does not need to be firm or painful
- Suitable for babies, during pregnancy, the elderly and everyone in between

Symptoms which may be relieved:

Injuries from sport or accidents

Unbalanced gait or stance

Lead/harness strain

Lower back distress

Inhibited movement

Muscle restrictions

Poor performance

Behavior changes

The benefits of DNA testing

- ✓ Ensures your responsibility as a breeder in maintaining the best standards when it comes to the health of your animals
- ✓ Allows you to screen for relevant diseases – assess genetic status (clear or carrier or affected)
- ✓ Screens for desirable traits such as coat colours & hair length
- ✓ A DNA profile (fingerprint) allows you to verify any stud service, multiple sires and confirm pedigrees
- ✓ Focusing your testing on your breeding stock will allow you to predict outcomes for future litters

So simple, easy & pawfect...

- ✓ DNA collection is via a non-invasive cheek swab
- ✓ Test at any age
- ✓ Orivet's Innovative Full Breed Profiles screen for all diseases and traits relevant to your breed
