Risk Management

Safety Talk for Retrieving Trials

- 1) Trials are held over undulating and hazardous terrain, it is suggested that sturdy footwear and clothing be worn to reduce the possibility of scratches or injury. As with all outdoor activities it is suggested competitors and spectators have appropriate clothing for the weather and take due care when moving around the trial site.
- 2) The environment, animals and wildlife can be inhospitable. Be alert and avoid any inhospitable animals and wildlife where possible.
- 3) Trials are located near water. If you cannot swim take care around the water. If you have children in your custody it is your responsibility to ensure the safety and welfare of the children at all times.
- 4) Guns are used at trial sites and although using blanks all guns should be treated as if using live ammunition and appropriate gun safety should be used at all times. Our judges will emphasize gun safety with competitors during the conduct of the trial.
- 5) Equipment used in trials is mechanical and if used incorrectly could cause injury. If you are unsure regarding the operation of the equipment familiarise yourself on how the equipment works before use.
- 6) We are privileged to be invited on to properties to run our trials and must respect the property owners personal property and should therefore:
 - a) remove all rubbish from the property
 - b) do not enter any dwellings on the property
 - c) do not touch any farm equipment on the property
 - d) ensure dogs to be kept under control at all times especially around any livestock
 - e) all gates must be left as they are found when entering a paddock
- 7) The first aid officer for the trial is **Peter Doley** and if first aid is required please contact the first aid officer in the first instance. If emergency first aid is required the first aid officer can be contacted through the run manager who has a UHF radio and is in contact with the other stakes.
