Key Training Messages

"It's not a about the winning ribbons and trophies,
its about having fun with your dog"
and
"you are taking the best dog home"

What is the Hidden Disabilities Sunflower?

The Hidden Disabilities Sunflower is a simple tool for you to voluntarily share that you have a disability or condition that may not be immediately apparent – and that you may need a helping hand, understanding, or more time in shops, at work, on transport, or in public spaces.

Just because you can't see it, doesn't mean it is not there

Globally 1 in 6 of us live with a disability. That is approximately 1.3 billion people.

But while some of us experience a disability that is visible, many have a non-visible condition or experience a combination of both visible and non-visible conditions. These disabilities can be temporary, situational or permanent. They can be neurological, cognitive and neurodevelopmental as well as physical, visual, auditory and include sensory and processing difficulties. They can also be respiratory as well as chronic health conditions such as arthritis and diabetes, chronic pain and sleep disorders.

Making the invisible visible

As diverse as these conditions are, so are your individual access needs and the barriers you face in your daily life. So, you can opt to wear the Sunflower to discreetly be seen in shops, at work, on transport, or in public spaces.
