Other than in the Exercise Areas designated by the Trial Manager, or his/her delegates, no dogs will be permitted to swim or train in or on the trial grounds. It is the Exhibitors responsibility to find out where the exercise area is at any time on the trial grounds.

Meningie, the Meningie Cup and Dodd's property hold a very special place in the fabric of retrieving in South Australia. The winners' names on the trophy plaques read like a veritable who's who of the top dogs and handlers both past and present.

So we look forward to another great weekend of trialling on the Coorong.

The first Meningie Cup was run and won way back in 1979 and to this day we are very grateful to Helen and Michael Dodd, and now, in addition, their son Sam for allowing us the use of their beautiful property for all of those years.

Thank you, as always, to all of our Judges, Stewards, Trial Managers and the competitors, for their assistance leading up to and during this trial.

SAFETY AT RETRIEVING TRIALS

1. The environment, animals and wildlife can be inhospitable. Be alert and avoid any animals and wildlife where possible.
2. Trials are located close to water. Take care around water. If you have children in your custody it is your responsibility to ensure the safety and welfare of the children at all times.
3. Equipment used in trials is mechanical and if used incorrectly could cause injury. If you are unsure regarding the operation of the equipment familiarize yourself on how the equipment works before use.
4. We are privileged to be permitted to run our trials on private property and must respect the property owner's personal property and should therefore:-
 - Remove all rubbish from the property
 - Do not enter any dwellings on the property
 - Do not touch any farm equipment on the property
 - Ensure all dogs are under effective control and on lead especially around any livestock (except when actually competing and under instruction of the judge)
 - All gates must be left as they are found when entering a paddock. If open leave it open and if closed, leave it closed.

Yes, unfortunately it is still with us !
