OPEN SHOW JUDGE

Ms Huey Miin Lim

(Victoria, Australia)

My interest in dogs began in childhood back in Malaysia, growing up with German Shepherd Dogs and White Swiss Shepherds imported from abroad.

More recently, over the last decade, I have been actively involved in the show ring with Finnish Lapphunds which has evolved into establishing my own breeding program.

Currently progressing through the judges training program, I am honoured to have the opportunity to judge the upcoming White Swiss Shepherd Open Show, a breed that remains close to my heart and represents cherished childhood memories.

*Thank you,
Huey MIin*

Emmett Therapy Certified Practitioner

Yvonne Campbell
0402 704 734

The **EMMETT Technique** is a safe, unique form of muscle release therapy, which is internationally recognised and effective on both people and animals.

EMMETT Therapy involves the application of light finger pressure at specific points on the body, relieving pain and discomfort, creating postural changes, improving movement, flexibility and overall well-being. These points are referred to as 'Emmett points' and are different to traditional trigger or acupressure points described in any other therapy.

Key features of EMMETT Technique treatments:

- Accurate and fast assessments of body imbalances
- Can be done sitting, lying or standing
- Pressure applied does not need to be firm or painful
- Suitable for babies, during pregnancy, the elderly and everyone in between

Symptoms which may be relieved:

- Injuries from sport or accidents
- Unbalanced gait or stance
- Lead/harness strain
- Lower back distress
- Inhibited movement
- Muscle restrictions
- Poor performance
- Behavior changes

Predict & Protect
