RISK MANAGEMENT

Safety Briefing for Retrieving Trials

Trials are held over undulating and hazardous terrain. It is suggested that sturdy footwear and clothing be worn to reduce the possibility of scratches or injury. As with all outdoor activities it is suggested competitors and spectators have appropriate clothing for the weather and take due care when moving around the trial site. The environment, animals and wildlife can be inhospitable. Remain alert, particularly for snakes as these can remain active even in cooler weather.

Trials are located near water. If you cannot swim take care around the water. If you have children in your custody, it is your responsibility to ensure the safety and welfare of the children at all times.

Guns are used at trial sites and, although using primers, all guns should be treated as if using live ammunition. Appropriate gun safety must be demonstrated at all times. No firearms as than those covered by the club's NSW Police Commissioner's Permit are allowed on the trial grounds. No live ammunition is permitted on the trial grounds. Our judges will emphasize gun safety with competitors during the conduct of the trial.

Equipment used in trials is mechanical and if used incorrectly could cause injury. Competitors are expected to assist with game steward and/or gun steward roles during the course of the trial. If you are unsure regarding the operation of the equipment please advise committee so that appropriate instruction can be provided.

We are privileged to be invited as guests onto private properties to run our trials. Competitors and visitors must show respect the property owner's personal property and should therefore:

- remove all rubbish from the property;
- do not enter any dwellings on the property other than those advised by the committee;
- do not touch any farm equipment on the property;
- ensure dogs to be kept under control at all times especially around any livestock;
- leave all gates as they are found when entering and leaving a paddock;
- stay on tracks and/or follow the vehicle in front of you to limit vehicle impacts on paddocks and/or field crops.
